1. Beginning with the 2026–2027 academic year, the Board of Directors recognizes that the previous goal of reducing inactive membership to 0% is not feasible for every chapter. To establish a more realistic and sustainable standard, no more than 10% of a chapter's total possible membership may be inactive at any given time.
2. An undergraduate member may only be inactive for one semester or, two consecutive quarters, during his undergraduate career.
3. The member in question must receive the approval of his chapter before taking an inactive semester.
4. The member in question must fill out the **Inactive Waiver Form**, or whatever similar instrument is in use by the International Board. Failure to fill out the requisite paperwork by the prescribed deadline will result in the member being considered active for the period in question and being responsible for dues.
5. Inactive members may not participate in any chapter activities including, but not limited to, social, educational, philanthropic, brotherhood, etc.
6. Any chapter allowing inactive members to attend events or represent themselves as Active Brothers will be subject to fines and a reduction in their ability to apply for inactive semesters moving forward.
7. Chapters are still required to pay International Inactive Dues as outlined above. This requirement ensures that all members contribute to the financial stability of the fraternity, regardless of participation status.

Part d) Abroad Member

An abroad member is one who is physically away from campus for more than half of a semester/quarter. There shall be no limit on the number of abroad semesters that a members may take. If a member is away from campus for more than two consecutive semesters/four quarters, he will be considered an alumni member. Abroad members are not required to pay international dues. Chapters shall notify the Regional Governors and the Board of Directors of any abroad members to ensure they are properly classified and not charged international dues as inactive members.

Part e) Associate Member

An associate member is one who has been enrolled in school for more than four calendar years (a super-senior.) Associate members are not required to pay international dues. Associate membership is only available to members who crossed into the Fraternity before January 1, 2019.

Part f) Alumni Member

An alumni member is an individual who was initiated into the Fraternity as an undergraduate and has since graduated or withdrawn/unenrolled from the university at which he was initiated. Alumni Members are not required to pay international dues.

Part g) Graduate Member

A graduate member is an alumni member (see Part F above) who is a dues-paying member of a graduate chapter. Graduate members may serve as Graduate Chapter delegates at international meetings.

Part h) Academically Suspended Member

An academically suspended member is an undergraduate member whose GPA has fallen below a 2.5 (on a 4.0 scale), or who has failed to meet the chapter or campus' GPA requirements. Academically suspended members shall not participate in chapter events and are not required to pay international dues.

Part i) Judicially Suspended Member

A judicially suspended member has been suspended by his chapter or by the international Fraternity through the judicial process. Judicially suspended members remain obligated to pay international dues.

Part j) Expelled Member

Any individual who was initiated into the Fraternity and was subsequently removed from the membership in a manner pursuant to Title 3 of this Code shall be an expelled member. Expelled members do not have any of the rights, privileges, or responsibilities of members of the Fraternity. They are not permitted to wear the letters or other marks or insignias of the Fraternity and shall not publicly or privately represent themselves as members of the Fraternity.

If a member who has been expelled wishes to rejoin the fraternity, he must send a written request to the Board of Directors or its designee for their consideration. A four-fifths (%) majority of the Board of Directors is required to reinstate an expelled member.

Part k) Resigned Member

Any individual who was initiated into the Fraternity and subsequently voluntarily gave up his membership shall be a resigned member. For more information, please refer to the Standard Operating Procedure on Membership Removal

Part a) Standards

Members of Lambda Phi Epsilon are expected to conduct themselves in a way that reflects positively on the general Fraternity and, in so doing, to exemplify the values of Lambda Phi Epsilon.

1. Members are expected to operate within the bounds established by The Code and any pertinent institutional, local, state, provincial or federal laws.
2. Members are expected to uphold their oath of membership.
3. Members and chapters are expected to pay dues, fines and other assessments along the timeline established by the Board of Directors.
4. Members and chapters are required to comply with lawful directions and orders emanating from those in authority within the Fraternity or any other relevant authority, including but not limited to the host institution or law enforcement.

Section 2 Hazing

Hazing or any conduct that could be construed as hazing is illegal in all jurisdictions in which Lambda Phi Epsilon operates, and any conduct or activity that constitutes or represents hazing is expressly forbidden by this Code of Conduct. Intent or conspiracy to commit acts of hazing will be treated as equally serious. Acts of hazing are not covered by our insurance, so by committing an act of hazing, a member is taking on personal liability for any injuries or other damages they may cause.

Part a) Definition

Any action taken or situation created by any member—new, active, or alumnus—whether on or off fraternity premises, for the purpose of, or that which is likely to produce, mental or physical discomfort, embarrassment, harassment or ridicule, as either a requirement of or a prerequisite to a bid, membership or continued membership, in Lambda Phi Epsilon, or which is otherwise prohibited by any local, state, provincial or federal or host institution laws or policies.

Prohibited actions include but are not limited to the following in any way, shape, or form:

1. Paddling or physical abuse of any kind;
2. Forced or induced consumption of alcohol or other controlled substances;
3. Forced or induced physical activity such as calisthenics or physical exercise;
4. Creation of sleep deprivation;
5. Physical or psychological shocks;
6. The deprivation of food or water;
7. Kidnapping or quests;
8. Treasure hunts;
9. Personal servitude or acts of service;
10. Verbal abuse;

12. Road trips or other excursions;
13. Degrading, humiliating or otherwise harassing games;
14. Activities that would disrupt the public order;
15. Other activities that are inconsistent with Lambda Phi Epsilon principles or otherwise not in accordance with local, state, provincial, federal, or host institution laws or policies.

Part b) Standards

Any member or chapter whose conduct meets the above definition of hazing, or whose act of omission causes hazing to occur, or who meets any other reasonable definition of hazing shall be in violation of this policy. Anyone who is found guilty or responsible for an act of hazing by a relevant body (university judicial process, the courts) will also be considered in violation.

Part c) Procedure

Any member of the Fraternity who received information regarding a potential violation of this policy must immediately:

1. Report the alleged violation and all available information to the Regional Governor, Board of Directors or Executive Director;
2. Cooperate fully with any investigation;
3. Ensure that, to the best of one's ability, all local, state, provincial, federal, and host institution laws and policies are followed.

Section 3 Social Events

For the purposes of this policy, any party, event, or gathering of Lambda members that would reasonably be construed as a Lambda event where alcohol is present will be considered a "social event." Any functions where alcohol is not present are not subject to the social event guidelines.

Part a) Definition

A social event is an event hosted, planned, arranged, or endorsed by Lambda Phi Epsilon or its members where alcohol is present.

Part b) Standards

1. Social events shall comply with all host institutions, local, state, provincial, and federal rules, laws, and procedures.
2. Alcohol will only be permitted when the social event is in keeping with the requirements of Title 3, Section 4.
3. Open parties—events where the public has unrestricted access to a Lambda social event—are prohibited. Attendance at Lambda Social Events should be limited to a set list of guests, i.e. the members of the Alpha Beta Gamma Sorority at UCLA, the members of the Women's Swimming Team, etc, or a party with an actual guest list.
4. Attendance at social events should be limited to no more than two guests for each Lambda member in attendance. Alumni, members' spouses, and parents of members do not count towards the number of guests.

Social events taking place with another Greek Letter organization are exempt from the rule listed in Section II, B, 4 if those in attendance are limited to members of the two organizations.

Section 4 Drugs and Alcohol

The possession, sale, use, or consumption of alcoholic beverages while on chapter premises or during a fraternity event, in any situation sponsored or endorsed by the chapter, or in any event an observer would associate with the fraternity, must be in compliance with any and all applicable laws of the state, province, county, city, institution of higher education, and must comply with either the BYOB or Third Party Vendor Guidelines. The sale or use of controlled substances, except as prescribed by a doctor, is strictly prohibited.

Part a) Standards

1. No alcohol may be purchased with Chapter funds.
2. The sale of alcohol, cups, or the charging of a door price for admission to a party is strictly prohibited, and against the law in the United States and Canada.
3. "Passing the hat," taking up a collection, or otherwise coordinating the members of a chapter to purchase alcohol, shall be considered tantamount to using Chapter funds for the purchase of alcohol.
4. The purchase, use, consumption from, and/or presence at an LFE function of a common source of alcohol, including but not limited to kegs, cases, party balls, trash can punch, or jungle juice, is explicitly and expressly prohibited.
5. Per the Social Event guidelines (Section 3 of this policy,) open parties are prohibited.
6. The consumption of alcohol by those considered to be of minor age at the location of the event is strictly prohibited. No member of the chapter shall facilitate, allow or permit such behavior.
7. Chapters are required to take steps to ensure that guests are not overserved.
8. Chapters are required to take steps to ensure that guests can be safely transported home after the event.
9. The presence, use, or sale of illegal drugs or controlled substances at any Lambda function, or an event which a reasonable person would consider a Lambda function, is prohibited.
10. Where required by law, the Fraternity will turn over to the relevant authorities any person found to be selling or distributing illegal drugs or controlled substances.
11. All recruitment activities associated with Lambda Phi Epsilon will be dry; alcohol may not be present, sold, consumed, or used in any way.
12. No alcohol shall be present at any pledge/new member activity or ritual of the chapter.
13. No member will engage in activities that encourage or support binge drinking or the consumption of unsafe quantities of alcohol.

Section 5 Online Conduct

The internet is a powerful and valuable tool for education, and communication that can be used to great effect in the furthering of our fraternal mission. When used irresponsibly or with ill will, however, the internet can do irreparable damage to individual members, chapters, or the Lambda Phi Epsilon Fraternity as a whole. Each member is responsible for ensuring that their online presence and communications are appropriate, in good taste, and would stand up to the scrutiny of the public eye should they be exposed. Chapters are, likewise, responsible for ensuring the compliance of their members.

Part a) Definition

Any communication, site, page, or presence existing on the internet that represents either a member or a chapter of Lambda Phi Epsilon shall be subject to this policy.

Part b) Standards

No chapter shall permit, nor any member engage, in online conduct that is inconsistent with the values of Lambda Phi Epsilon. The following represents a non-exclusive list of conduct inconsistent with those values:

1. Any explicit or implicit reference to or promotion of the illegal use or consumption of alcohol or controlled substances;
2. Any explicit or implicit references to hazing or other illegal behavior;
3. Discussion or disclosure of any of the secrets or proprietary knowledge of Lambda Phi Epsilon;
4. Content that would commonly be understood to be racist, sexist, demeaning to any minority or majority group, or generally in bad taste;
5. Content with the intent or consequence of belittling, harassing, abusing, or in any intended or unintended way harming any individual, group, or class of people.

Section 6 Sexual Violence

Sexual violence is defined as any sexual act, or any attempt to obtain or participate in a sexual act, when affirmative consent is absent. A sexual act shall be defined by the pertinent statute in the jurisdiction where the act took place.

Part a) Standards

1. It shall be a violation of this Title to perpetrate, participate in, or cover up an act of sexual violence.
2. It shall be a violation of this Title to cover up or prevent the prosecution of the perpetrator(s) of an act of sexual violence.
3. It shall be the policy of the Fraternity to encourage victims who approach the Fraternity to report any alleged crimes to law enforcement. Any member who attempts to convince or coerce any alleged victim to not report such a crime to the police will be considered in violation of this Title.
4. All allegations of sexual violence reported to any member of the Fraternity must immediately be reported to the International Board which will guide the chapter on the next steps. Under no circumstance is a chapter permitted to investigate or handle any allegations itself.

Section 7 Right to Revise and Non-Retroactivity

The Board of Directors has the authority to revise this title at its discretion, but any changes will only apply to cases brought in the future and will not apply to any pending cases. Changes will not be retroactive—the version of this policy that was in place as of the date of the alleged violation will be enforced for that violation.

Section 8 Retaliation

It is a violation of the Fraternity's Conduct Code to retaliate in any way against individuals, members, and non-members because they have raised allegations of misconduct. Person(s)

against whom the complaint is filed also bear a responsibility to abstain from retaliatory behavior toward the Reporting Party(s) and/or any individual participating in the adjudication process.

[Remainder of this page intentionally left blank.]

Title 4 Judicial Process

Section 1 Purpose

The purpose of this conduct process is to provide a fair review of alleged violations of the Lambda Phi Epsilon Code, rather than a formal legal proceeding.

Section 2 Authority

Per Article 3, Section 3 of the Lambda Phi Epsilon Constitution, the International President has the mandate to interpret, construe, and enforce Fraternity law. He has delegated that authority to the various officers named herein, with the oversight of the Board of Directors.

Section 3 Requirement to Comply

Per Article 2, Section 3 of the Lambda Phi Epsilon Constitution, all members (active and alumnus) must comply with this Code of Conduct.

Section 4 Charging and Hearing Process

Charges must be submitted to the body of original jurisdiction. If an undergraduate member is being charged, the Chapter of which he is a member is the body of original jurisdiction. If an alumni member or a Chapter is being charged, the International Standards Committee (ISC) has original Jurisdiction. The Executive Director, Board of Directors or its designee may move a case up from the Chapter level at their discretion, at the direction of the Board of Directors or following an appeal from a party involved in a Chapter-level dispute.

All sexual misconduct allegations will be investigated by the Board of Directors or its designee and be reviewed by the International Standards Committee (ISC). If the Board of Directors or its designee is unable to conduct the investigation, the Board of Directors will appoint an alternate individual to conduct the investigation.

Section 5 Charging Document

Any member may bring charges against any other member for violations of this Code of Conduct by submitting, in writing, a signed letter to the President of his Chapter, the District Governor, the Board of Directors or its designee and the Executive Director detailing the charges. Charges may include a requested outcome. Upon review, the Executive Director may assign original jurisdiction to the ISC.

Section 6 Individual Discipline at the Chapter Level

Upon receiving charges signed by any member, the President of a Chapter will bring Chapter-level cases to the Chapter's attention and consider them according to the Chapter's internal policies. A member may be suspended or expelled only with a majority vote of the Chapter, and after subscribing to the following procedure:

- The charges against a member must be presented to him, in writing, along with the date and time at which his case will be considered by the full Chapter. The date of that hearing may not be less than ten (10) business days from the date at which the Charges are presented to the accused.
- The accused must be allowed to present evidence, both written and verbal, in his defense.
- The accusing member or his designee must be allowed to present evidence along the same lines.

If a Chapter votes to suspend or expel a member, copies of the charges and the minutes from the meeting at which a member was suspended or expelled must be sent to the Board of Directors or its designee within ten (10) business days of the meeting.

Section 7 Discipline at the International Level

Upon notification of a violation of the Code of Conduct, the Executive Director or his delegate will investigate the allegations and render a report. In cases involving sexual misconduct allegations, the Board of Directors or its designee will be responsible for investigating the allegations and rendering a report, findings, and recommendations to the ISC.

The ISC will review the report and, if the finding of fact indicates that a violation has occurred, determining appropriate outcomes.

Part a) Advisors

1. As the judicial process is not modeled on formal legal proceedings, the participation of persons acting as legal counsel on behalf of chapters and individuals is not permitted.

Part b) Standards of Due Process and Evidence

1. Formal rules and evidence will not be applied, nor will deviations from prescribed procedures necessarily invalidate a decision, unless significant prejudice to the Respondent or Complainant may result.
2. The complaint against the Respondent must be established by a preponderance of the evidence, meaning that a reasonable person would accept that “more likely than not” a fact is true, or an incident occurred.
3. In cases involving sexual misconduct allegations, the Reporting Party and Respondent will be given the opportunity to provide a statement, any supporting documentation, and witness statements within the investigative process. Once given notice of the allegations, the Responding Party will be given ten (10) business days to provide a statement, any witness statements, and supporting information. The Reporting Party will not be privy to the Respondent’s statement, supporting information, or any witness statements. After providing an initial statement and response to any follow-up questions and/or requests by the Director of Fraternal Standards, the Respondent will have the opportunity to review all information collected by the Director of Fraternal Standards from the Reporting Party, including any supporting documentation, and will be given 10-business days to provide a

response to his review of all statements and supporting documents, which will be included in the final investigative report. The Director of Fraternal Standards will allow for input from the Reporting Party and Chapter on desired sanctioning, should the Respondent be found responsible for violating the Code; however, the final recommendation for sanctioning will be made by the Director of Fraternal Standards should the Respondent be found responsible for violations.

4. Conduct proceedings involving allegations of sexual misconduct concerning a member or chapter that are to be adjudicated by the ISC shall be instituted upon receipt of a written complaint, filed and determined to be substantiated by the Director of Fraternal Standards. The written complaint shall set forth the alleged conduct violations with sufficient facts or supporting documents to substantiate the allegation. The Director of Fraternal Standards will render a finding on the charges of consideration, and provide a recommendation of sanctions for the resolution of the case.

Part c) Case Resolution by the ISC

1. The Executive Director will refer the investigative report, findings, and recommendations to the standing ISC. The Executive Director will select three (3) members of the ISC to adjudicate the case. The members selected shall be empowered to adjudicate the alleged conduct violations, including the assignment of sanctions as described herein. Any conduct proceeding of the ISC will be adjudicated within a prompt and reasonable timeframe as determined by the Executive Director and ISC pending availability.
2. During ISC review for sexual misconduct, if the Respondent is found responsible, the body shall consider the assignment of sanctions as prescribed herein. The Respondent shall be promptly notified of the determination of responsibility and any sanctions assigned. In cases of sexual misconduct, the Reporting Party will be notified by the Director of Fraternal Standards of the findings (responsible/not responsible) but will not be privy to any sanctions assigned as a result of the finding.
3. If the Respondent fails to answer the complaint, the Respondent may be found responsible by default, at which time the hearing body will determine the appropriate sanction.

Section 8 Review by the International Standards Committee

During ISC review, the fraternity's case will be presented to the panel by the investigating officer. Verbal, written, and/or documentary evidence will be presented to explain the Fraternity's case.

The ISC will deliberate in private and render a finding of "responsible" or "not responsible" and renders an appropriate outcome.

Section 9 Sanctions

The ISC may render verdicts from the below lists or may, at their discretion, create other sanctions as they see fit, so long as those sanctions conform to Title 4, Section 6 of the Code.

Upon further review, a concurrence of a majority of the Board of Directors shall have the authority to amend ISC sanction terms.

Part a) Individual Sanctions

- Expulsion.
- Suspension for a definite period.
- Suspension until a set milestone (e.g., graduation).
- Suspension from certain privileges (e.g., social suspension).
- Removal from Office (for Chapter Officers).
- Probation: a designated period of time during which additional violations of the Fraternity's standards of conduct may result in more severe sanctions.
- Fine (not to exceed 50% of the semesterly dues at the time of outcome).
- Any other reasonable penalty.
- Warning: notice, oral or written, that continuation or repetition of prohibited conduct may be cause for additional conduct proceedings.
- Written apology to those wronged.
- Educational sanctions: the completion of educational programs or other discretionary sanctions necessary to develop the skills and/or knowledge necessary to prevent future violations.
- Exclusion from various fraternity activities.

Part b) Chapter Sanctions

- Suspension for a definite period.
- Suspension until a set milestone (e.g., Convention).
- Suspension of certain privileges (e.g., alcohol-free, no intake).
- Probation: a designated period of time during which additional violations of the Fraternity's standards of conduct may result in more severe sanctions.
- Fine (not to exceed 50% of the semesterly dues, multiplied by the number of active members of the house).
- Educational programming.
- Any other reasonable penalty.
- The ISC may request that the Fraternity revoke a Chapter's charter, which requires the concurrence of a majority of the Board of Directors.

Part c) Sanctioning

1. The ISC, after determination of responsibility in a conduct proceeding, may, by a majority vote, suspend or expel a brother of the Fraternity, and issue such other orders to the chapter as it deems in the best interest of the Fraternity.
2. The suspension of a member deprives him temporarily of all rights and privileges in the Fraternity. During his suspension, he may not hold office, attend meetings, or participate in any Fraternity activities, and his Fraternity pin shall be held in the custody of the Chapter Treasurer. He shall at all times be subject to the discipline and laws of the Fraternity and shall not be in good standing until the termination of the suspension. Failure to uphold the suspension on the part of the member or

chapter may result in additional action taken as outlined within Section 1, General Conduct.

3. The expulsion of a member is the permanent dissolution of the fraternal relationship between the individual and the Fraternity. An expelled member loses all rights and privileges and forfeits all claims on the Fraternity. Membership reinstatement from expulsion requires the unanimous approval of the Board of Directors.

Section 10 Appeals

Appeals must be submitted in writing to the Board of Directors or its designee , with any accompanying supporting documentation.

Any member has the right to appeal a judicial decision made against them within ten (10) business days of the outcomes being handed down. Any outcome being appealed will remain in effect until a final decision is reached.

In extraordinary circumstances, a concurrence of a majority of the Board of Directors may temporarily stay the effect of an outcome pending appeal, following a written petition sent to the Executive Director, which will be transmitted to the Board of Directors for immediate consideration.

Part a) Grounds for Appeal

An appeal shall be based on one or more of the following grounds:

1. Procedural error that substantially affected the outcome of the case.
2. Bias or conflict of interest in the case.
3. New information that was not available at the time of adjudication that could substantially affect the finding of responsibility.
4. Sanctions that are disproportionately severe in light of the violation committed.
5. Determination of responsibility against the weight of the evidence.

The Board of Directors will consider the written appeal and determine if one of the five grounds for an appeal exists. If a concurrence of a majority of the Board of Directors finds that no grounds exist, it may deny the appeal out of hand. If grounds are determined to exist, the Board of Directors may accept the appeal and either reverse the original body's decision or opt to hear the case. If a hearing is decided upon, the Board of Directors will select three (3) members of the ISC to adjudicate the case on an appeals panel. The three (3) selected members of the appeals panel cannot have served in the original ISC review.

Part b) Appeal Procedure

Appeals hearings may happen at an in-person, phone, or virtual meeting.

During an appeal, a member of the Board of Directors will preside. The Executive Director will present an opening statement, followed by an opening statement to be offered by the

respondent. The Executive Director will then present their case, followed by the respondent presenting theirs. The Executive Director will then present their closing statement, followed by the respondent presenting theirs.

The appeals panel will render its verdict and inform all parties within five (5) business days.

Subsection 1)

Except as required to explain the basis of new information, an appeal shall be limited to a review of the decision letter issued in accordance with this Code, the minutes of the conduct proceedings as defined herein, the appellant's written statement, and any written response or memoranda prepared by the Director of Fraternal Standards, Executive Director, or ISC.

Subsection 2)

The appeals panel, with a majority vote, may affirm or reverse in whole or in part the findings of responsibility and sanction assigned, reduce the sanction assigned, and/or remand the case for Board of Directors review. Upon further review, a concurrence of a majority of the Board of Directors shall have the authority to amend ISC appeal terms.

Title 5 Fraternity Finances

Section 1 Operations and Bookkeeping

It shall be the responsibility of the Treasurer to ensure that proper bookkeeping and financial operations are being executed, but the day-to-day financial operations of the Fraternity will be undertaken by the professional staff.

Section 2 Dues

Members of the fraternity are required to pay dues, subject to Title 2 Membership of the Code. Dues will be assessed to the chapters during each academic semester. The Fall semester will be from September through December and the Spring semester will be from January through May. The dollar amount of dues for the upcoming academic year will be set by the Board of Directors and announced at the Convention preceding the academic year in question.

It shall be the responsibility of the professional staff to see to the timely and orderly collection of dues from the chapters, and the professional staff shall, with the approval of the Board of Directors, establish timelines and processes for collection, and the consequences for non-payment.

Section 3 Fines

Fines may be assessed to chapters and individual members of the fraternity. Fines may be given in two categories:

Part a) Fines for Failure to Report/Attend

A chapter or individual member may be assessed a fine for failure to file a required report in a timely manner, for failure to attend (or tardiness at) an event where their attendance was required, or as directed by the Board of Directors. Fines may only be given in this way when the chapter or member being fined understood the timeline or requirement to which they were being held and was aware of the potential monetary consequence.

Part b) Fines as Judicial Sanctions

Fines as judicial sanctions may only be assessed after due process is afforded, as outlined in Title Five of this Code.

Title 6 International Event Attendance

Section 1 International Convention

The International Convention is Lambda Phi Epsilon's largest annual gathering, bringing brothers from across the organization together to celebrate the fraternity, strengthen brotherhood, and conduct important organizational business. The Convention provides opportunities for leadership development, chapter recognition, networking, and collaboration while allowing members to connect with the broader LFE community.

Each active chapter will be required to send delegates to Convention which comprise 25% of its total Active count (rounded up). The total active count will be calculated each Spring based on the house size of the current and previous semesters (or equivalent for schools on a quarter system) for the current academic year.

Rechartered and newly chartered chapters are required to send 75% of their active house members to the Convention. Requests for exceptions may be submitted to the Board of Directors for consideration on a case-by-case basis.

Chapters that fail to send delegates may be charged the cost of registration and hotel lodging for missing delegates. Chapters that fail to send the required number of delegates will be fined \$500 per member that the Chapter is short of their required amount or the cost of registration, whichever is higher. Chapters that fail to meet the required delegates multiple years in a row may face additional sanctions such as loss of social privileges, additional fines, suspension, etc.

The Board of Directors may exempt up to three chapters from this requirement at their discretion based on hardship.

Section 2 Winter Orientation

Winter Orientation welcomes new and prospective chapter presidents into the Lambda Phi Epsilon community and provides them with an introduction to the fraternity's history, values, expectations, and culture. The event focuses on building a strong foundation for new chapter presidents while helping them understand their roles and responsibilities within their chapters and the larger organization.

Chapters that fail to send a delegate to the Winter Orientation will be fined \$500. Chapters that fail to send a delegate to a second Winter Orientation within a four-year period will receive a \$1000 fine and be placed on alcohol-free status for one year. Chapters that fail to send a delegate to three Winter Orientations within a four-year period will be closed.

To be considered in attendance, the delegate must be present each time roll is taken. Delegates who are late may be fined at the discretion of the Board of Directors.

Section 3 New Member Education Retreats

The Education Retreat focuses on the development, chapter operations, and continued education of new member educators. The retreat provides a space for educators to learn, share experiences, discuss challenges, and develop practical skills that can be applied within their chapters. The goal is to ensure that new member educators have the knowledge and resources needed to effectively support their chapters and provide a successful and meaningful new member experience.

Chapters that fail to send their New Member Educator to the twice-annual Education Retreats will lose the privilege of new member intake and will be ineligible to take a class during the following semester. Education Retreats will be held following the International Convention in the summer and during Winter Orientation in January of each year. To be considered in attendance, the New Member Educator must be present each time roll is taken. Failure to attend or arriving late to the Education Retreats may result in a fine imposed by the Board of Directors.

Title 7 Sexual Assault Prevention Education

Section 1 Standard

Each member will be required to undergo sexual assault prevention training at least once during each academic year. Training should be facilitated by a qualified professional. Failure to undergo this training will result in the chapter losing insurance coverage for the following semester or individual members facing additional sanctions.

Title 8 Branding and Apparel Guidelines

The Lambda Phi Epsilon brand shall be defined as all those images, phrases, marks, or other signifiers that are associated exclusively with the Fraternity. These include but are not limited to; "Lambda Phi Epsilon," "Lambda Phi Epsilon International Fraternity, Inc.," "LFE," "LPhiE," "Leaders Among Men," the image of the crest, our Greek Letters, the Kanji version of the Lambda Phi Epsilon Greek Letters, and the official Fraternity flag.

Section 1 Apparel Standards

All apparel bearing the name and/or letters of Lambda Phi Epsilon must be in good taste (as defined by the Board of Directors and any pertinent host-institution guidelines).

Apparel bearing the Lambda Phi Epsilon Greek or Kanji letters may only be worn by members of the Fraternity. Apparel bearing the words "Lambda Phi Epsilon" may be worn by non-members but only when the apparel is for promotional purposes (for instance, "I <3 Lambda Phi Epsilon," "My son is a Lambda," etc.)

The Board of Directors may make exceptions to these standards at their discretion.

Section 2 Proper Disposal of Letters

All letters that are no longer in presentable shape or are to be disposed of should be safely and respectfully burned. Retired letters should not be distributed away to donation centers.

[Remainder of this page intentionally left blank.]

Title 9 New Undergraduate Chapters

It shall be the responsibility of the Board of Directors to devise a strategy for expansion and to approve new chapters for admission to the Fraternity. The process by which a new chapter is chartered will be as follows:

Section 1 Approval to Expand

Upon the recommendation of the Director of Expansion, the Board of Directors may authorize the pursuit of expansion on a new campus and any funds that may be required for that project.

Section 2 Interest Group Phase

Once expansion has been approved for a given campus, an Interest Group (IG) should be formed, or if one already exists, that group should be recognized. The Members of an Interest Group are not members of the fraternity and do not enjoy insurance coverage or any of the other benefits of membership, regardless of the level of support they may be receiving from officers or representatives of the fraternity.

Part a) Charter New Member Educator

An IG will be led by a Charter New Member Educator (CNME,) also known as a Pledge Dad or PD. The CNME will be appointed by the Board of Directors and will be considered an Officer of the Fraternity under Title 1, Section 5 of the Code.

The CNME will be responsible for supporting the IG in its pursuit of Charter Group and, later, Chapter status. Once the IG is approved for Charter Group Status, the CNME will be responsible for conducting New Member Education under the guidance of the Director of Education.

Part b) Charter Group Phase

Before an IG will be approved to move into the Charter Group Phase, and begin New Member Education, the IG must:

1. Have at least twelve members.
2. Have completed one philanthropy event.
3. Have undergone sexual assault prevention education training.
4. Have gained a good reputation on campus and within the community.
5. Have gained the support of the campus fraternity and sorority life office, if one exists.
6. Have identified a campus staffer or professor who will serve as the chapter's campus advisor.
7. Have raised the chartering fee.
8. Have the new member dues raised and ready to be paid to HQ.
9. Have gained the support of the governor of the district in which the eventual chapter will operate.
10. Have gained the support of the Director of Expansion.

The IG must compile a written petition which includes evidence that the above criteria have been met and send it to the Board of Directors or its designee and the Director of Expansion. Once that petition has been certified to meet the above requirements, the Director of Expansion will ask for the approval of the Board of Directors to authorize the opening of a Charter Group. A 3/5 majority of the Board of Directors is required to authorize an IG to move into the Charter Group Phase and begin new member education.

As soon as can be conveniently arranged after the BOD has authorized the Charter Group, the members of the IG should be inducted as new members. Once the new members have been inducted, they should be registered into the membership database, their new member dues should be paid to HQ, and new member education should begin.

Members of a Charter Group are insured under the fraternity's insurance policy and are expected to operate within the bounds of the Constitution and Code of the Fraternity.

Once New Member Education has been completed, and with the authorization of the Director of Education and the Board of Directors or its designee, the new members should be initiated and the new chapter recognized and enrolled in the records of the Fraternity.

Title 10 Chapter Status Advancement

All chapters of Lambda Phi Epsilon are divided into statuses as established by Article III, Section 1 of the Constitution of the Fraternity. Chapters wishing to be promoted in status must submit various paperwork, as listed below, and deliver a presentation at the international convention.

In order to respect the constraints of time, no more than three chapters may go up for status in any given year. The Board of Directors will select the three strongest chapters from among those who submit letters of intent to be allowed to present that year. The Board of Directors will use the Chapter Accreditation Scorecard to determine the strongest chapters.

Section 1 General Requirements

In order to go up for promotion, a chapter must:

1. Be in good standing with the International Board, including being free from sanctions and late payments on fraternity invoices for the previous 12 months.
2. Chapters attempting to go up for promotion must achieve a minimum of four Bronze rankings or higher within the previous four years of Accreditation results.

Section 2 Letter of Intent

No later than the start of Winter Orientation, the chapter must submit a written letter of intent to the Board of Directors or its designee.

Section 3 Submission of Preliminary Materials

No later than March 1, chapters that have been selected to proceed, must submit the following materials to the Board of Directors or its designee. The materials should be submitted at the same time. The Board of Directors will review the Preliminary Materials and determine if a chapter may proceed to the final materials and presentation phase.

Part a) Letters of Recommendation

Letters of recommendation should be procured from the following parties:

1. Regional Governor
2. Office of Fraternity and Sorority Life
3. Fraternity and Sorority Council Leadership
4. Fraternity and Sorority Partner Organization
5. Cultural Partner Organization
6. Philanthropic Partner Organization

Part b) Chapter Paperwork

The chapter must submit all of the following paperwork:

1. A full chapter roster
2. Chapter constitution
3. Quarterly bank statements from the most recent January, April, July, and October months
4. Chapter budget from the previous and current year

Section 4 Submission of Final Materials

No later than May 1, chapters must submit the following materials to the Board of Directors or its designee. The materials should be submitted at the same time. Materials submitted in this phase should be considered final and will be provided to the House of Delegates in the form in which they are submitted.

1. Letter from the chapter president introducing the chapter and providing an overview of why, in the chapter's opinion, the chapter should be promoted.
2. Timeline of programming for the past two calendar years.
3. Overview of the new member classes that are currently represented in the chapter. Individual bios should not be submitted, each new member class that is currently represented in the chapter should be listed with a class photo and brief biographical information on each member should be included (name, nickname, line number, hometown, major, leadership positions within the chapter.)

Section 5 Presentation and Videos

The presentation should last no more than 15 minutes and should include an entrance and a presentation that demonstrates what the chapter has done that merits promotion. A video may be included at the chapter's discretion but viewing the video will count towards the time limit. The 15 minutes will begin once a Chapter arrives to the stage for their presentation.

Twenty minutes will be provided for questions from members of the full-fledged chapters.

Section 6 Scoring

Chapters will be scored on the following metrics. The scoring metrics will be for informational purposes only. Chapters may vote how they wish, regardless of scores on these metrics. The Board of Directors will provide the fraternity average for the chapter accreditation scorecard for reference.

Part a) Demonstration of Sustainability

1. Financial Sustainability
2. Alumni Network
3. Risk Management

Part b) Demonstration of Excellence

1. Service
2. Community/Campus Networking and Relationships
3. Academics
4. Inter-Chapter Networking and Relationships (relationships with other LFE Chapters)

Section 7 Deliberation

The chapters will be given 25 minutes to deliberate and then a vote will be taken by secret ballot. Each full-fledged chapter will be given one vote. A simple majority (50% plus 1) is required for promotion.

Title 11 Traditions and Marks of the Fraternity

Section 1 Flag of the Fraternity

The Flag of the Fraternity consists of a white horizontal bar across a royal blue field with the fraternity crest in the center. On the left of the seal, within the white bar are the Greek letters for Lambda Phi Epsilon, and to the right of the seal, is 1981, the year of the founding of the Fraternity.

Part a) Proper Use of the Fraternity Flag

The flag should never be:

- Carried upside down;
- Used in such a way that will allow it to be torn, dirtied, or damaged;
- Have anything placed on it, attached to it, or marked on it;
- Used to hold or carry anything;
- Printed with non-standard fraternity colors;
- Touching anything beneath it such as the ground, floor, or water.

No other flag should fly over the fraternity flag. The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.

Section 2 Official Fraternity Colors

The colors of the Fraternity shall be royal blue (#002366) and white.

Section 3 Mascot of the Fraternity

The mascot of the Fraternity shall be the dragon.

Section 4 Motto of the Fraternity

The open motto of the Fraternity shall be "Leaders Among Men."

Section 5 Nicknames of Members of the Fraternity

Nicknames should be used in good spirit and in accordance with fraternity traditions that promote unity, respect, and brotherhood.

Part a) Appropriateness

All nicknames assigned to members of the fraternity must uphold the values and dignity of the organization. Nicknames that are vulgar, offensive, discriminatory, or otherwise inappropriate are strictly prohibited. Any nickname that may bring disrepute to the fraternity, its members, or its mission shall not be permitted.

Part b) Use of “Lambda” in Place of “A”

The use of the Greek letter “Λ” (Lambda) in place of the letter “A” in nicknames, social media handles, or other informal identifiers is not allowed, as it may create confusion with official fraternity marks and symbols. Members are encouraged to express their fraternity pride appropriately without altering the fraternity’s letters or misusing its symbols.

Section 6 Crest of the Fraternity

Part a) Authorized Use

The official crest of the fraternity is a protected symbol and may only be used in official fraternity communications, documents, regalia, awards, and approved merchandise. Use of the crest must always be consistent with the fraternity’s values and brand standards.

Part b) Prohibited Use

The crest may not be used for personal profit, on unapproved merchandise, or in any way that implies endorsement or affiliation with non-fraternity organizations or causes. Members, chapters, and affiliates may not reproduce, alter, or distribute the crest without written authorization from the Board of Directors or its designee.

Part c) Respectful Display

The crest should always be displayed respectfully, in full form, and not altered in color, proportion, or design. It must not appear on inappropriate materials or in association with alcohol, drugs, or any activity that contradicts the values of the fraternity.

Section 7 Disposal of Fraternity Markings

Part a) Proper Disposal

Items bearing the fraternity’s name, crest, Greek letters, or other identifying marks, including clothing, paddles, plaques, and memorabilia, must be disposed of respectfully when no longer in use. Preferred methods include burning or shredding to prevent improper use or public display.

Prohibition on Public Distribution:

Fraternity-marked items should **not** be donated, sold, or given away to the public, thrift stores, or non-members. This ensures that the fraternity’s symbols remain respected and used only by initiated members.

Preservation Option:

Historic or sentimental items that reflect the fraternity’s legacy may be preserved by the chapter or donated to the International Office for archival purposes rather than destroyed.

Title 12 Chapter Recognition

Section 1 Standards

A Chapter is required to meet all standards set forth by their universities, their respective councils, and the International Board to remain in good standing

Part a) Academics

A chapter must remain in good academic standing with the Fraternity and University at all times. The chapter must meet the Fraternity academic standard average GPA of 2.5, or if higher, the university standard. Failure to meet these requirements may result in sanctions by the Fraternity.

Part b) Active Membership

A chapter must meet or exceed the minimum required active count set forth by their affiliated university. University sanctions resulting from a failure to meet the minimum requirements may result in sanctions by the Fraternity

Part c) Reporting

Chapters are required to submit all required documents and dues in a timely manner to the International Board and their respective universities. Failure to submit documents on time may result in sanctions by the Fraternity.

Part d) Accreditation

Chapters are expected to maintain an elevated standard on the Fraternity's annual Accreditation scorecard. Chapters that do not maintain expectations may result in sanctions by the Fraternity.

Subsection 1) Active Lettered Chapters

Active Lettered Chapters are required to maintain a bronze or higher achievement on the Fraternity's annual Accreditation in order to maintain their Active Lettered status. A Chapter may only achieve lower than a bronze rating once within a 4 year period. Chapters that fail to maintain bronze status may result in sanctions by the Fraternity including but not limited to the loss of a Chapter's Active Lettered Status.

Subsection 2) Associate Chapters

Associate Chapters are required to maintain a bronze or higher achievement on the Fraternity's annual Accreditation at least twice within a 4 year period. Chapters that fail to achieve this may result in sanctions by the Fraternity including but not limited to loss of privileges or the suspension of the Chapter.

Title 13 Standard Operating Procedures

Section 1 Membership Removal

A Chapter can move to expel the membership of an individual for violations of the Code of Conduct (Lambda Phi Epsilon Constitution and Code, Title III) in accordance with local Chapter policy.

- In the absence of local policy or procedures, the Chapter should defer to the International Board on how to proceed.
- Charges of sexual misconduct must be investigated and adjudicated by the International Board to meet Title IX standards.

Part a) Letters

The Chapter is to attempt to collect any fraternal paraphernalia with the Fraternity letters back from the individual (e.g. line jackets, hoodies, jerseys, shirts, etc.).

Part b) Social Media

The Chapter must remove the individual from any and all social media channels, including but not limited to:

- Relevant listservs, private groups, and chapter communications.
- Social media posts where the individual is wearing letters (i.e. Facebook, Instagram, Chapter website). Expelled members should be untagged from media, unmentioned in comments, or otherwise archived from a public-facing view where appropriate.

Part c) Documentation

The Chapter's Executive Board must sign, submit, and send a Membership Expulsion Form to their Governor and the Board of Directors or its designee .

Part d) Appeals

Any member has the right to appeal any judicial decision made against them within ten (10) business days of the outcomes being handed down.

- Appeals must be submitted in writing and supporting documentation should accompany all appeal requests. Appeals of a Chapter decisions are made to the Board of Directors (boardofdirectors@lambdaphiepsilon.org) .
- To submit an appeal, the appeal must be based on one or more of the following grounds for an appeal:
 - Procedural error that substantially affected the outcome of the case.
 - Bias or conflict of interest in the case.
 - New information that was not available at the time of adjudication that could substantially affect the finding of responsibility.
 - Sanctions that are disproportionately severe in light of the violation committed.
 - Determination of responsibility against the weight of the evidence.

A 4/5 majority affirmative vote from the Board of Directors is required to reinstate an expelled member.

Part e) Resignation

A member may voluntarily resign their membership with the Fraternity at any time as long as they are a member in good standing and do not owe the Fraternity any money. If a member wishes to resign, a Chapter must follow the following sections from above:

- Part a) Letters
- Part b) Social Media
- Part c) Documentation
 - In lieu of submitting a Membership Expulsion Form, a Chapter must submit a Membership Resignation Form

If a member who has resigned wishes to be reinstated into the Fraternity, they must send a written request to the Board of Directors of its designee for their consideration. A 4/5 majority of the Board of Directors is required to reinstate a resigned member.

Section 2 Sexual Misconduct

When the Fraternity receives notice of allegations of sexual misconduct, the Executive Director shall have the authority to impose an interim suspension on any Chapter or member alleged to be involved in a violation of any provisions of the Constitution or Code of Conduct or any official directive for a period not to exceed fifty (50) days. This interim suspension can be extended upon a majority vote by the Board of Directors.

Reports can be received by the International Board in the following channels:

- A report is received via the online reporting option: contact@lambdaphiepsilon.org.
- A report is received by the Executive Director, International Board of Directors, or any other Fraternity leadership.
- Notification is given from the host institution of allegations.
- Social media posts.
- Chapter leadership or members.

Upon receiving notice of the allegations, outreach to the alleged impacted party to outline reporting options is initiated. After ten (10) business days, if a statement has not been received, an additional outreach will be made. Three attempts will be made in total to the alleged party in an effort to collect a statement of allegations.

Part a) Respondent Rights and Responsibilities

- The respondent will be provided with Respondent Resources Related to Sexual Misconduct Allegations.
- The respondent will be requested to provide a statement, supporting information, and any witness statements within ten (10) business days.
- A preliminary investigative report will be compiled with all statements and supporting information and will then be shared with the respondent to review and to provide a response/defense to the allegations within ten (10) business days, which will then be incorporated.
- The final investigative report will be compiled including the respondent's response to the allegations, investigative findings, rationale, and any recommended sanctions for resolution, and to be provided to the International Standards Committee (ISC) for review and resolution.
- Following the review by the ISC, the respondent will be notified of the outcome and any sanctions. The reporting party will be notified whether the respondent was found responsible/not responsible.

Section 3 Crisis Media Response Guidelines

When an individual or chapter is reached out to by a source and information or a statement is requested, it is crucial that these steps are followed so that assistance can be provided and the situation can be navigated carefully.

Part a) Media Requests

If a request is made from a media source, the following steps should be taken:

- Inform your governor immediately. Do not reply.
- Once the International Board has reached out to the chapter, the individual or social media representative who was contacted may reply with the following prepared statement:

“Please direct all media inquiries to our headquarters at
contact@lambdaphiepsilon.org.”

- The International Board will handle all media inquiries from this point forward. No individual should speak on behalf of the organization or chapter under any circumstance.

[Remainder of this page intentionally left blank.]

Part b) Community Requests

If a request is coming from a community, the following steps should be taken:

- Inform your governor immediately. Do not reply and do not put out a public statement on social media.
- Once the International Board has reached out to the chapter, the individual or social media representative who was contacted may reply with the following prepared statement:

“Our chapter is aware of allegations made against (members of) our organization. We take these accusations very seriously. We have turned over all information to the University and the International Board. We will not be commenting further on any pending cases at this time.”

 - If accusations are against members, include the part in parentheses.
 - If accusations are against the chapter, exclude the part in parentheses.
- Under no circumstance should an individual be named in a public statement.
 - This opens up individuals, the chapter, and possibly the organization to lawsuits.
- Under no circumstance should an individual make a statement on their own.
 - This opens up individuals to possible lawsuits as well as an admittance of guilt

Part c) Further Action

The chapter may continue to face public pressure or ridicule over perceived inaction. It is crucial to make sure all members of the chapter are on the same page. This includes the following:

- Do not reply to comments on social media.
 - This includes places such as Instagram, Subtle Asian Greeks or Subtle Asian Traits, Facebook, Snapchat, etc.
 - Additional comments only serve to do damage to the organization.
- Do not put out any additional statements.
 - This potentially sends the wrong message and a lack of continuity in messaging from the organization or chapter.

Section 4 Reimbursement Policy

When a party reaches out to the International Board for payment or reimbursement, it shall be standard to take care of all outstanding debts on specific dates of each month for consistency moving forward. Those dates are as follows:

- The 7th day of each month and
- The 21st day of each month

Disbursement of funds will occur on the nearest scheduled day of disbursement (ie. if submitted on the 6th, reimbursement would occur on the 7th. If submitted on the 8th, reimbursement would occur on the 21st). Special exceptions may be made for alternative dates for the disbursement of funds at the discretion of the Board of Directors.

Title 14 Position Statements

Section 1 911 Amnesty

No person should ever be afraid to call for help. No member of Lambda Phi Epsilon should ever leave a person to suffer because that brother is afraid of being sanctioned by the International Board.

As such, it is the position of the Board of Directors that no member who calls 911 to seek emergency medical assistance for an individual in medical distress will be subject to sanctions for creating whatever situation led to the medical distress. That individual may be required to undergo additional education, but his membership will not be suspended or revoked by the Fraternity. Similarly, his chapter will not be subject to sanctions above those that are educational or preventative in nature.

Preventative sanctions are those that seek to prevent a dangerous situation from existing - in the event that a chapter calls 911 for a guest who has alcohol poisoning or other emergencies, the Chapter may be barred from hosting or participating in events with alcohol until the Chapter undergoes educational training about how to host or attend such events in a safe way. A preventative sanction is not a fine or definite loss of privileges.

Section 2 Event Attendance

International events are a critical opportunity for our undergraduate leaders to receive training in the running of their chapters. Much of the training is mandated by our contract with our insurance carrier. International Convention attendance is governed by a policy passed by the House of Delegates at Orientation 2018 and is not affected by this statement of position. Refer to Title 6 Section 1, 2, and 3 for event attendance details.

[Remainder of this page intentionally left blank.]

Section 3 Membership Conduct

Membership in Lambda Phi Epsilon Fraternity is a privilege that must be earned each and every day, beginning on the evening that one is inducted until the day that one dies. This privilege requires an initial and ongoing investment of personal time, talent, and money. This privilege also requires continuous membership conduct that matches the Fraternity's mission, vision, and core values.

The Fraternity is aware that this sets a high bar of expectations, but the Lambda Phi Epsilon experience is only for those dedicated and committed to the Fraternity's ideals. Lambda Phi Epsilon is not interested in individuals:

- Who are not interested in serving the communities in which they live.
- Who do not strive for academic achievement.
- Whose actions will put the Fraternity's reputation and well-being at risk.

Failure by the membership to meet these expectations will result in individual sanctions. In cases of acts of hazing, racism, and sexual assault, individuals responsible or complicit may be expelled from the Fraternity.

Section 4 Public Statements

Chapter recognition in Lambda Phi Epsilon Fraternity is a privilege that must be earned each and every day. Our chapters are expected to uphold the values and beliefs of the Fraternity and continue to make decisions in the best interest of the Fraternity as a whole. Actions that are counterintuitive to this goal will not be tolerated.

Lambda Phi Epsilon is not interested in individuals or chapters whose actions will put the Fraternity's reputation and well-being at risk. Public statements made by chapters in response to any conduct allegations will not be tolerated as these statements are often self-serving and are detrimental to the organization and its accused members. In addition, these statements are often violations of a member's rights outlined in Title 3 Section 1 Part 3, 5, and 11 of the Lambda Phi Epsilon Code of Conduct.

The Fraternity has a strict and unbiased conduct process which it adheres to in all cases of Code of Conduct violations. This process is followed each and every time without deviation. It is the responsibility of our chapters, their members, and the communities in which they serve to follow these steps in reporting any misconduct to the Fraternity.

Failure by the chapter to meet these expectations will result in sanctions. In cases of public statements made without the direct and express approval of the Board of Directors, individuals and chapters found responsible for the direct violation of this position statement have the potential to lose recognition and insurance coverage.

[Remainder of this page intentionally left blank.]

Section 5 Underreporting

Chapters are required to report their new members, and when those new members cross, to the International Board in a timely manner. A timely manner shall be understood to be within 14 days of induction or initiation respectively. New members/initiations must be reported on any and all forms in addition to the membership database being used by the Fraternity at the time.

Any chapter found not to have reported a new member or an existing member of the chapter will be charged the dues for that member plus a \$100 fine per un-reported member. Should a chapter fail to report some or all their new members a second time within two calendar years, the chapter will be assessed a fine of not less than \$500, plus \$100 per un-reported member. A third offense within two calendar years will result in a chapter suspension of not less than two years.

Section 6 Scrolling

Scrolling is when an older member of the organization forces a younger member of the organization to perform an act out of respect for the older member. This often manifests itself in the form of alcohol consumption, menial tasks, or other possibly demeaning actions the younger member may not want to participate in. Whether it's called a Lambda Phi or a Scroll, the action is the same across the organization.

Many universities interpret scrolling as a form of hazing. This can be attributed to the power dynamic of an older member coercing a younger member to do something. Even if the younger member is not a New Member (formerly referred to as a Pledge), many universities will still see this act as hazing. Hazing is not only a violation of the Lambda Phi Epsilon Code of Conduct; it is also illegal in 44 out of 50 states (all of which our organization currently operates).

Over the course of the history of our organization, scrolling has caused dangerous and sometimes fatal incidents to occur. In our continued effort to eradicate hazing from our organization, it is imperative that we take the step to also root out additional forms of hazing within the culture of our Fraternity outside of New Member Education as well.

The act of scrolling or any other coercive method of forcing another member of the organization to perform an act against their will is strictly prohibited. Any violations of this position statement will result in charges of hazing against the member or chapter in question which may result in sanctions or possible removal of membership. Scrolling has no place in our Fraternity.

[Remainder of this page intentionally left blank.]

Section 7 Hazing Outcomes

When an active-lettered Chapter is suspended or removed from campus, it has been subjective whether or not its lettered status would still be in place upon a successful return to campus. Moving forward, any active-lettered chapter that is suspended for 2 years or longer or removed from campus will have its letter designation removed and demoted to the status of an Associate Chapter. At the discretion of the Board of Directors, a chapter may have its letter designation removed for lesser sanctions. In order for a chapter to restore its fully lettered status, a chapter will need to go through the promotion process and present at Convention in the future.

In addition, members of the Fraternity who have participated in hazing that has resulted in chapter suspensions or shutdowns may have faced no penalties for the choices they have made. Moving forward, any member who has been found to have participated in the hazing of New Members, undergraduate and alumni alike, will have their membership revoked and be expelled from the Fraternity at the discretion of the International Standards Committee (ISC) and the Board of Directors (BoD). This includes but is not limited to the following:

- Chapter Executive Board
- New Member Educator and any Assistant New Member Educators
- Big Brothers to a New Member
- Any members involved in the New Member Education process.

Section 8 Conduct Outcomes

The International Board, International Standards Committee (ISC), and the Executive Staff have handled all non-sexual misconduct-related violations and infractions in a variety of ways, not always consistent with prior findings of responsibilities for other groups in similar situations. This has been due to changing members of the ISC/International Board and increased accountability in the last year.

Moving forward, the International Board will be referring to a matrix that will be shared with members of Lambda Phi Epsilon to provide transparency for possible outcomes from a variety of violations. While it will not be all-encompassing, it will provide insight into some of the possible sanctions for specific violations.
